

Hello,

My name is Mason Bernard; I'm 7 years old. When I was 2 1/2 years old my mommy and daddy were told that I have cancer (Leukemia). I took all my medicines, went to the hospital every time my mommy told me we had to go and I was so brave. I fought and fought.

In January of 2008 the doctor told my mom and dad that the cancer came back. I'm still not sure what the big deal was; I just know I spent a LOT of time at Children's Hospital. I got lots of yucky stuff through my IV that makes me really tired and sick. My mom told me that we stayed over 100 nights at Children's Hospital.

My life is a lot different now because in a few weeks I will be done with all my treatment. I will grow my hair back, get stronger and be able to run faster. To celebrate my end of treatment I decided I wanted to have "The World's Largest NERF Party"

We need some help from you in order to make it a great party and to celebrate my being done with treatment. We need donations to help pay for the party so that all the kids that want to play Nerf with me don't have to pay to play and celebrate. We want the party to be FREE to come to! My mom made a list of things we need on the next page.

The Doctor's tell me that I am going to beat this and grow up to be big and strong. I am well on my way and can't wait to run and play like a normal kid.

There are things from the medications that will affect me for the rest of my life. I have heard that having cancer can be really expensive too. I take lots of medicines; make tons of trips to the hospital and I often want crazy food to eat. I am glad all of that is almost over but I will miss my nurses for sure.

I hope you will help out any way you can and if you want to come to the party here are the details!

Saturday March 20, 2010
LifeTime Fitness
